## ~ Company Overview ~

**Integrity Cabinets, LLC was founded with the promise to always conduct business with Integrity.**

**Started in 2004 by the Williams family, the business was sold to current owners Rodney Suggs and Carl Nicholson who bought the business in 2022. Together, they have more than 75 years of combined experience in every facet of the cabinet industry.**

**Under their leadership Integrity's dealer-distribution base has grown to cover the eastern half of the United States. And the number of company employees, on average, is between 200 and 300.**

**All cabinets are packed and shipped from Integrity's manufacturing facility in Lineville, Alabama. They employ their own drivers and use their own trucks to ensure shipments are handled with the utmost care.**

**Integrity's focus is now and always has been on their customers -- to give them what they need and what they want. With more than 50 door styles and a combination of hundreds of stains, paints, glazes and specialty finishing techniques, they can build cabinets for any room in a home.**

**The relationships Integrity has in the industry with builders, designers, dealers and customers allow them to offer the latest trends but with timeless quality that their competition cannot match.**

- With or without mantels

***Integrity offers many customizing options for their hoods.***

In addition, Integrity provides a nice selection of ventilators, blowers and hood liners. You do not need to shop outside of the IC catalog to get a complete installation-ready range hood for your client's kitchen.

## Ordering

### How to order

- Use [orders@integritycabinets.com](mailto:orders@integritycabinets.com)
- Fill out the order header of the order form and attach that with Order Form from 2020, exported as a PDF, for your cabinet list and whatever is similar in ProKitchen

### Order Cut-offs for the Northeast

- Monday at 2:00 for order submission
- Tuesday at 10:00 for changes, additions, deletions, corrections
- Tuesday at 2:00 for confirmation/acknowledgement

At Integrity you have to approve your order for it to go into production, it will not automatically go into production. **You can do this by replying: Approved + the order number in the body of the email**

Credit cards carry a 3% charge. ACH available at no additional cost

**Standard Lead Time:** 5 - 6 weeks shipping to the Northeast

**Pre-pay customers: Your payment  
must be in by Tuesday at 2:00**
